

A Handbook of the Practice of Forensic Medicine, Vol. 1: Based Upon Personal Experience (Classic Reprint)

By Johann Ludwig Casper

Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from A Handbook of the Practice of Forensic Medicine, Vol. 1: Based Upon Personal Experience The rapid sale of the third edition of the gerichtliche Leichenöffnungen, originally gave occasion to the publication of this work, the Thanatological division of which, published first in October, 1856, and reprinted unaltered in December, 1857, may be regarded as but a new edition of the two former volumes; to this, in September, 1858, was added a Biological Division, also equal in bulk to both of the previous volumes. In a very few months it became evident that a new (third) and improved edition would be required, and in it the entire work is now for the first time offered to the public in a complete condition.* In this book, as in all my public lectures for the last thirty-six years, I have specially striven against the prime failing of most authors on forensic medicine, viz., the separation of it from general medicine, and endeavoured to purify it from all irrelevant rubbish, which has been so copiously accumulated in it by tradition, want...
