This type of publication is almost everything and helped me looking forward and much more. I am quite late in start reading this one, but better then never. You wont really feel monotony at whenever you want of your own time (that's what catalogs are for relating to if you ask me).

McArthur Company, United States, 2003. Paperback. Book Condition: New. 224 x 152 mm. Language: English . Brand New Book. In the icy depths of a Quebec winter, an old and harmless Polish man dies under mysterious circumstances. His niece Natalia has suspicions, and brings in Montreal investigative journalist Francis Delaney to help her find the truth behind the death, a truth the authorities seem to want covered up. The catalyst for the international intrigue is rooted in questions about Polish national art treasures secretly shipped to Canada in the opening days of World War II. The dangerous search for answers draws Natalia and Delaney into a sinister web involving Canadian, Polish, and Vatican agents who will use any means, even murder, in the hunt.
