

Catalogue of Canadian Plants, Vol. 1: Endogens (Classic Reprint)

Filesize: 3.85 MB

Reviews

Excellent eBook and beneficial one. It is amongst the most amazing pdf i actually have study. Your daily life period will likely be convert when you full looking at this pdf.

(Janelle Kub PhD)

CATALOGUE OF CANADIAN PLANTS, VOL. 1: ENDOGENS (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Catalogue of Canadian Plants, Vol. 1: Endogens The first volume of this Catalogue of Canadian Plants consists of three parts separately published and bearing date 1883, 1884 and 1886 respectively. Part I. includes the Polypetales, Part II. the Gamopetales, Part III. the Apetales and Gymnosperms. Part IV., now issued, is devoted to the Endogens, and forms the first portion of Volume II. of the Catalogue. Part V. will include the ferns and their allies with the mosses and liverworts, and it is intended in Part VI. to catalogue the lichens, fungi and seaweeds. Over 2,000 species of named cryptogamous plants, to be catalogued in Parts V. and VI., are now in the herbarium, and it is probable that the number will be raised to 2,500 before these parts are published, so that the entire work will enumerate about 5,500 species of plants (indigenous and introduced) found growing without cultivation within the limits of Canada. Since the publication of Part III. extensive collections have been made by James M. Macoun on the shores and islands of James Bay. Dr. G. M. Dawson has made valuable and interesting notes and collections in that part of the North-West Territories bordering on Alaska. The writer spent five months collecting on Vancouver Island and gathered much valuable information regarding its flora. That part of this additional information which is applicable to the Endogens is included in the present issue. In accordance with the plan adopted at the commencement of the work, I have placed myself in communication with specialists in the various orders and have had their assistance in the determining and verifying of critical or new species. As on former...
